Dr. Earl G. Witenberg  
Director  
The William Alanson White Institute  
20 West 74th Street  
New York, New York 10023

Dear Dr. Witenberg:

Thank you for your letter of February 19. I welcome your invitation to get to know you and your colleagues at the Institute, and will keep this on my agenda for future visits to New York. These are, however, not very frequent, and I am not in a position to suggest a specific date at this point.

Pending some more direct discussion, I will take the liberty of enclosing some of my recent writings that converge on the same subject of "Humanics" that, in different aspects, draws us together.

Sincerely yours,

Joshua Lederberg  
Professor of Genetics
